Attn: Business Owner

**All group rating programs promise savings...  
But do they deliver?**

Dear Business Owner:

The Central Ohio Chambers of Commerce offers a workers' compensation group rating plan that delivers an excellent financial return without compromising superior claims management service. This is made possible through our partnership with CompManagement, Inc. (CMI), our third party administrator, and the North American Employers Council. CMI is beginning the review process for 2004 group participation, which means your company can determine the **maximum savings** you may be eligible for!

Please complete the Temporary Authorization Form and return it in the postage paid envelope or fax it to (614) 766-6888.

Whether you are currently in a group, or did not qualify last year, we ask that you participate in this no cost or obligation group rating review. *You do not need to be a current member to participate in the review. However, should you decide to take advantage of the significant savings, you will need to join your local chamber.*

If you have questions or need additional information please contact CMI's Group Rating Department at 800-825-6755. Results of the review will be mailed in the fall.

Sincerely,

Janet Davis, President COCC

**IMPORTANT:** Select a chamber from the list at left through which you want to receive your quote. Write the chamber name in the yellow box on the AC-3 form.
